Elysia viridis

Aplysia punctata

Elysia viridis

Pisa nopides

Facelina auriculata &
Edmunsella pedata

Xantho pilipes

Marine Biology

Ormer tagging project

The ormer tagging project is progressing well and parts of the west coast have now been covered. To date a total of 350 ormers have been tagged, island wide. If you see one we would love to know, please get in touch with an image or the tag number.
